

Happy New Year to all!

Please note that we have moved the HESSC and SETXEISSC Field Trials to the O'connor Ranch, 161 River Ranch Road, Tivoli, Texas. Finding good grounds due to the drought has been difficult but we are pleased with what we found at the O'Connor Ranch this weekend. We will be able to set up good long courses in consistently good cover, so please dont hesitate to come on down we believe you will be pleased. Find below hotel choices, the Best Western and Americas Best Value in Refugio are the closest to the trial grounds, approx. 20 minutes away. I have also listed several options in Victoria that range from 30-45 minutes away. David Jones has graciously offered up his place for parking RV's. We will be sending out detailed maps with the running orders.

FYI, the oil field is very active in this part of the country and rooms will go fast, so make your reservations quickly. We were not able to get any of these hotels to block rooms, but they all currently have availability for the trial dates. We look forward to seeing you there.
